Re: Notice of Intention to Commence Exploration Activities, White King/Dumpy Placer Project, S/045/045, Tooele County, Utah

Dear Mr. Ford:

Thank you for forwarding the Notice of Intention to Commence Exploration Activities for 3MR Corporation's White King/Dumpy Placer exploration project, located in Section 18, T1S, R9W, Tooele County, Utah. Your agency's designated project number is U-72259.

This letter is to inform you that the Division has evaluated the above mentioned Notice of Intent for completeness. It is our impression from the description of activities proposed under this notice, that this operation may be of an ongoing/continuous nature. Therefore, we are categorizing it as a small mining operation, unless notified to the contrary by the operator.

Consequently, we will forward a Notice of Intent to Commence Small Mining Operations (FORM MR-SMO) to the operator and ask that he complete the application. This would be a one time filing for the life of the operation, unless significant changes or expansions are proposed that would require filing of an amended plan.

Thank you for your cooperation. If you receive further information or amendments for this operation, please notify us so we will be able to update our files. Please reference our designated file number S/045/045 when forwarding additional information on this project to us.

Sincerely,

D. Wayne Hedberg
Permit Supervisor
Minerals Regulatory Program
